**Subject:** Press and Congressional Report for 01/22/13 -- for hot issues compilation

### **Possible HOT Press Announcements/Activities**

- We are working on our communications plan for the data gathered from the additional groundwater wells in the Yakima Valley as well as the release of the response to comments. We may post the data to the website and walk the Yakima Herald through the results.
- We will have a desk statement and communications plan for reaction to calls we may receive about our EIS scoping letter to the Corps on the proposed Gateway Pacific Terminal.
- King County may issue news release on its approval of the consent decree settling claims for CSO/SSO violations. We may have a quote from Dennis in the release.
- We may issue a news release for a Unilateral Order to the Lapwai, Idaho school district on the Nez Perce Reservation. The order requires cleanup of a drywell contaminated with chlorinated solvents that threatens nearby drinking water wells.

### **Other Pending Communications Strategies and Event Planning**

#### **Shorter term:**

- Communications planning around our EIS scoping comments to the Corps for the proposed Gateway terminal in Bellingham.
- Communications support for the Palermo Well Field residential indoor air sampling for TCE.
- Communications planning around the 401(h) waiver for the city of Anchorage POTW.
- Continuing our communications planning and coordination w/other agencies on the West Salem petition for a preliminary assessment.
- Preparing for communications around the additional peer/expert review of the Bristol Bay Watershed Assessment.
- Planning for Yakima dairies consent agreements roll out.
- Dixie Drain/Lower Boise permit revision and event planning. Comment period for revised draft permit ended in mid-December. Will check in w/city re: possible events in the early spring.
- Waiting for word on when King County and EPA will sign the CSO/SSO consent decree. Likely we'll want to issue a news release when the agreement is final.

#### **Longer term/On-going:**

- Duwamish Proposed Plan and EJ analysis roll out and comms. plan
- Portland Harbor River Mile 11 and later RI/FS roll out and comms. plan

- Shell Discoverer permit modification roll out and comms plan as well as Consent Decree
- Port of Tacoma CWA 404 case conclusion, large penalty case
- ADOT UIC settlement
- Fairbanks PM 2.5 nonattainment
- Spokane River Idaho Dischargers' permits out for comment in early February

## **Congressional/Intergovernmental**

### **UPCOMING MEETINGS/CALLS**

February 2013, date to be determined:
